1. GENERAL INFORMATION

1.1. Introduction and Purpose

The purpose of this Request for Proposal (RFP) is to solicit proposals for a Learning Management System (LMS) for use by Public Safety Answering Points (PSAPs) across the state.

The Missouri 911 Service Board (Board) intends to use the results of this solicitation to award a contract for such services.

1.2. Scope and Objectives

The LMS shall be an internet protocol-based platform that, at a minimum, provides improved training delivery; documentation; increased ease of access to 911 trainings, allows for the transfer of locally created training materials to other jurisdictions or statewide, and be easily searchable. The LMS shall meet, or be capable with minimal configuration of meeting current system requirements outlined in Section 1.4 and standards, and future standards.

To guarantee the success of this new LMS, jurisdictions must have state-level support and resources available. As Missouri looks to implement an LMS, the Board seeks to provide support to local jurisdiction partners through software procurement, education on system use and configuration at the local level, and future planning.

To assist with this effort the Board is seeking the services of a vendor that has the desired capabilities and functions enumerated in this RFP. The selected vendor will also recommend an appropriate system set up and technical training for their software that will be available statewide.

The Board is requesting a LMS to assist with a statewide 911 training, stakeholder education, and recommendations for LMS set up and use based on Board and stakeholder feedback. The primary objectives of this solicitation and the subsequent Contract include:

- 1) A training platform that allows local trainers to provide local training courses and content to their individual PSAP, and to also provide these courses to the Board for approval under Missouri's 911 Training Standards Act and associated Rules ([RSMo 650.340](#)).
- 2) A platform that will allow each PSAP to manage their current staff certifications, re-certifications, and Continuing Education Units (CEUs). The intent is to not only have an agency be able to access this information, but also provide the Board and Board's Training Committee access to a summary of this data as well. Specifically, when there are CEUs, certifications, or re-certifications required by Missouri statute, the training coordinator for the PSAP should have the option to enroll staff members in approved courses. These courses may be from multiple vendors, or state approved trainers and the Board and Training Committee should be able to view that Missouri required training and continuing education is being completed.
- 3) A platform capable of allowing development and creation of courses by platform users. This could mean updating vendor supplied content or designing new ones from scratch. This training, once developed, ideally can be offered to those who are not able to attend an in-person classroom course.
- 4) A platform that has the capacity to serve all PSAP personnel in Missouri that wish to use the system; has the flexibility for the unique computing environments, and bandwidth access found in Missouri PSAPs; and provides the appropriate system features, security, recordkeeping and reporting, as well as testing and evaluations for a statewide LMS.

1.3. Background and Current Operations

The Missouri 911 Service Board was established in statute by the Missouri General Assembly to assist and advise the state in ensuring the availability, implementation and enhancement of a statewide emergency telephone number. The Missouri 911 Service Board represents all Missouri 911 entities and jurisdictions, and strives toward the immediate access to emergency services for all citizens in the state of Missouri to appropriately trained Telecommunicators and PSAPs.

1.3.1. Governance

Per section 650.325, RSMo the Missouri 911 Service Board was established and is charged with assisting and advising the state in ensuring the availability, implementation, and enhancement of a statewide emergency telephone number common to all jurisdictions through research, planning, training, and education, but shall have no authority over communications service providers as defined in section 190.400. The Board shall represent all entities and jurisdictions before appropriate policy-making authorities and the general assembly and shall strive toward the immediate access to emergency services for all citizens of this state, including text to 911.

1.3.2. Current 911 Environment

Missouri is a home rule state and as such over time has developed a fragmented 911 system, distinguished by great variance in equipment and corresponding disparate service levels and training programs. Although technology used by 911 callers has advanced greatly, in many cases the technology used to answer and process those calls has not been able to be replaced in a timely manner to keep pace.

While some areas of Missouri have established an ESInet within their jurisdictions, at this time, 16 counties in Missouri do not have the 911 answering equipment needed to deliver more than basic 911 services. Much of Missouri's 911 system relies on 911 technology that is rapidly becoming obsolete, while simultaneously seeing diminishing funding needed to improve service. There is a consensus in the 911 industry that significant changes will need to be made to handle increased 911 traffic and respond to new technologies, such as allowing wireless users to communicate with PSAPs by sending texts, pictures, and videos.

Key components of current 911 infrastructure include 911 trunks and equipment. At a minimum, PSAPs need infrastructure to appropriately take 911 calls and respond to them. The cost of 911 trunk connections is significant, and based on Board survey results, a majority of Missouri PSAPs contract with either AT&T or Lumen, formerly CenturyLink, to provide connections. By using different service providers, PSAPs lack the potential for interoperability. The ability for two counties to transfer 911 calls is greatly limited if those two counties use different primary 911 telephone companies. There may be no connection for the 911 call data to cross company lines. When transferring is possible, the cost charged by the telephone companies may be prohibitive.

Workstations utilized by Missouri's telecommunicators are equipped with a wide variation of hardware and software. This variance in 911 infrastructure signals the lack of interoperability among Missouri PSAPs and responders. This provides significant barriers when trying to improve service levels, with PSAPs lacking the technological capabilities necessary to effectively communicate with one another.

Missouri has dedicated and hardworking 911 professionals that provide amazing and dedicated service to Missouri citizens and responders every day. The Board is seeking a LMS to aid these professionals in developing the best possible training solutions and continuing education programs for the unique circumstances in Missouri.

1.4. Project Plan and Deliverables

The Contractor will work, in partnership with the Board, Board Staff, and Training committee, to provide the services outlined below. In addition, the Board is currently working with third-party vendors GeoComm and Mission Critical Partners to evaluate GIS needs related to NG911 in Missouri and assist in the development of an NG911 plan and ongoing recommendations for Missouri.

1.4.1. Overview of Desired items for Learning Management System

- Training platform with the ability to upload virtual training classes that can be made available to anyone in Missouri with a login with certifications to be available automatically upon successful completion of class.
- Training platform capable of having preloaded classes from others or from the vendor that is also available for anyone with a login with certifications to be available automatically upon successful completion of class.
- Training platform with the ability to receive uploads of training classes for certification request or recertification request for review following login by the Board's Training Committee (only the author and training committee will have access) and approval or denial of certification. For approved classes, the platform must be capable of issuing a notice of certification through the portal or by email, and posting the class with a login for use by others in Missouri. The platform must be capable of removing denied classes.
- Training platform capable of allowing training coordinators for individual agencies to log in and enter personnel data, including names, training certifications, classes taken, etc. The training coordinator and/or personnel could access see this information when logged in to their agency site, and then assign training classes for personnel to take.
- It is desirable for the platform to be capable of assigning a class as a calendar invite to various different calendars (the Board uses Google, but some local jurisdictions Outlook, etc.)
- Training platform capable of allowing the Board's Training Committee to login, view each agency, their personnel, certifications, and training to determine whether training requirements are met.
- It is desirable for the portal to be capable of housing policy/procedures or various documents for sharing amongst anyone in Missouri with the same login.

Synopsis of features of desired software

1. The Board seeks a training platform that will allow local trainers to provide classes and content for approval by the Board's Training Committee. The Board would also like to have the option to offer approved courses online, with trainer permission, for agencies to access free of charge.
2. The Board seeks a platform that will allow each PSAP to manage their staff certifications, re-certifications, and CDEs. The intent would be to not only have the agency be able to access this information, but the state as well. If there are CDEs, certifications, or re-certifications required, the Board would like to have the ability to enroll staff members in approved courses. These courses may be from multiple vendors, or state-approved trainers. Ideally the training coordinator for the agency could enroll the staff members in the classes as opposed to the Board's Training Committee.
3. The Board seeks a platform on which courses may be developed or updated/redesigned and offered to staff who are not able to attend the current scheduled classroom courses.

2. PREPARING AND SUBMITTING A PROPOSAL

Preparing

Vendors must examine the entire RFP carefully. Failure to do so shall be at the vendor's risk.

Unless otherwise specifically stated in the RFP, all specifications and requirements constitute minimum requirements. All proposals must meet or exceed the stated specifications and requirements.

Unless otherwise specifically stated in the RFP, any manufacturer names, trade names, brand names, information and/or catalog numbers listed in a specification and/or requirement are for informational purposes only and are not intended to limit competition. The vendor may offer any brand which meets or exceeds the specification for any item, but must state the manufacturer's name and model number for any such brands in the proposal. In addition, the vendor shall explain, in detail, (1) the reasons why the proposed equivalent meets or exceeds the specifications and/or requirements and (2) why the proposed equivalent should not be considered an exception thereto. Proposals which do not comply with the requirements and specifications are subject to rejection without clarification.

Proposals lacking any indication of intent to offer an alternate brand or to take an exception shall be received and considered in complete compliance with the specifications and requirements as listed in the RFP.

In the event that the vendor is an agency of state government or other such political subdivision which is prohibited by law or court decision from complying with certain provisions of an RFP, such a vendor may submit a proposal which contains a list of statutory limitations and identification of those prohibitive clauses. The vendor should include a complete list of statutory references and citations for each provision of the RFP, which is affected by this paragraph. The statutory limitations and prohibitive clauses may (1) be requested to be clarified in writing by Purchasing or (2) be accepted without further clarification if the statutory limitations and prohibitive clauses are deemed acceptable by the Board. If the Board determines clarification of the statutory limitations and prohibitive clauses is necessary, the clarification will be conducted in order to agree to language that reflects the intent and compliance of such law and/or court order and the RFP.

All equipment and supplies offered in a proposal must be new, of current production, and available for marketing by the manufacturer unless the RFP clearly specifies that used, reconditioned, or remanufactured equipment and supplies may be offered. All equipment, supplies and software offered in proposal must not have an end of life within 5 years of purchased date.

Prices shall include all packing, handling and shipping charges FOB destination, freight prepaid and allowed unless otherwise specified in the RFP. Vendors must provide storage or staging at vendors cost.

Proposals, including all prices therein, shall remain valid for 90 days from proposal opening or Best and Final Offer (BAFO) submission unless otherwise indicated. If the proposal is accepted, the entire proposal, including all prices, shall be firm for the specified contract period.

Any foreign vendor not having an Employer Identification Number assigned by the United States Internal Revenue Service (IRS) must submit a completed IRS Form W-8 prior to or with the submission of their proposal in order to be considered for award.

Submitting

The sealed envelope or container containing a proposal should be clearly marked on the outside with (1) the official RFP name and (2) the official end date and time. Different proposals should not be placed in the same envelope, although copies of the same proposal may be placed in the same envelope.

A proposal submitted electronically by a vendor may be modified prior to the official end date and time by resubmission and e-mail explanation of which proposal the Board should entertain. A proposal which has been delivered to the Board/agent's office may be modified by signed, written notice which has been received by the Board prior to the official end date and time specified. Telephone or telegraphic requests to modify a proposal shall not be honored.

A proposal submitted electronically by a vendor may be retracted prior to the official end date and time. A proposal which has been delivered to the Board may only be withdrawn by a signed, written document on company letterhead transmitted via mail, e-mail, or facsimile which has been received by the Board prior to the official end and time specified. Telephone or telegraphic requests to withdraw a proposal shall not be honored.

A proposal may also be withdrawn after the proposal opening through submission of a written request by an authorized representative of the vendor. Justification of withdrawal decision may include a significant error or exposure of proposal information that may cause irreparable harm to the vendor.

When submitting a proposal electronically, the vendor indicates acceptance of all RFP requirements, terms and conditions by submitting the proposal. Vendors delivering a hard copy proposal to the Board must sign and return the RFP cover page or, if applicable, the cover page of the last addendum thereto in order to constitute acceptance by the vendor of all RFP requirements, terms and conditions. Failure to do so may result in rejection of the proposal unless the vendor's full compliance with those documents is indicated elsewhere within the vendor's response.

Faxed proposals shall not be accepted. However, faxed and e-mail no-bid notifications shall be accepted.

2.1. General Instructions

The evaluation and selection of a Proposer and the terms of the Contract shall be based on the information in the submitted Proposals and any required presentations, on-site visits, or oral interviews. Failure to respond to each of the requirements as directed in the RFP may be the basis for rejecting a Proposal. A Proposal that does not meet a mandatory requirement of the RFP will be disqualified.

Elaborate Proposals (e.g. expensive artwork, marketing materials) beyond those sufficient to present a complete and effective Proposal are not necessary or desired.

Only information that can be identified as a trade secret, proprietary, and confidential will be treated as such. **Proposers shall not label or identify their entire Proposal as confidential.**

Examples of apparent clerical errors are: 1) misplacement of a decimal point; and 2) obvious mistake in designation of unit.

Any pricing information submitted by a vendor shall be subject to evaluation if deemed by the Board to be in the best interest of the Board.

The vendor is encouraged to propose price discounts for prompt payment or propose other price discounts that would benefit the Board. However, unless otherwise specified in the RFP, pricing shall be evaluated at the maximum potential financial liability to the Board.

Awards shall be made to the vendor whose proposal (1) complies with all mandatory specifications and requirements of the RFP and (2) is the lowest and best proposal, considering price, responsibility of the vendor, and all other evaluation criteria specified in the RFP and any subsequent negotiations and (3) complies with chapter 34, RSMo, other applicable Missouri statutes, and all applicable Executive Orders.

In the event all vendors fail to meet the same mandatory requirement in an RFP, the Board reserves the right, at its sole discretion, to waive that requirement for all vendors and to proceed with the evaluation. In addition, the Board reserves the right to waive any minor irregularity or technicality found in any individual proposal.

The Board reserves the right to reject any and all proposals.

When evaluating a proposal, the Board reserves the right to consider relevant information and fact, whether gained from a proposal, from a vendor, from vendor's references, or from any other source.

Any information submitted with the proposal, regardless of the format or placement of such information, may be considered in making decisions related to the responsiveness and merit of a proposal and the award of a contract.

Negotiations may be conducted with those vendors who submit potentially acceptable proposals. Proposal revisions may be permitted for the purpose of obtaining best and final offers. In conducting negotiations, there shall be no disclosure of any information submitted by competing vendors.

Any award of a contract shall be made by notification from the Board to the successful vendor. The Board reserves the right to make awards by item, group of items, or an all or none basis. Pursuant to section 610.021, RSMo, proposals and related documents shall not be available for public review until after a contract is executed or all proposals are rejected.

The Board maintains images of all proposal file material for review. Vendors who include an e-mail address with their proposal will be notified of the award results via e-mail.

The Board reserves the right to request clarification of any portion of the vendor's response in order to verify the intent of the vendor. The vendor is cautioned, however, that its response may be subject to acceptance or rejection without further clarification.

Any proposal award protest must be received within ten (10) business days after the date of award in accordance with the requirements of 1 CSR 40-1.050 (9). Communication throughout the protest period shall remain the same as the procurement process and be restricted to the designated point of contacts in this RFP:

No phone calls, emails, or other correspondence to other Board Members, Staff or committee members regarding this procurement is permitted during the protest process. Violation of these conditions may be considered sufficient cause for automatic rejection of a Proposal.

The final determination of contract(s) award shall be made by the Board.

3.1. Preliminary Evaluation

All Proposals will be reviewed initially to determine if Proposal submission requirements are met (see Section 2 – Preparing and Submitting a Proposal). Failure to meet a proposal submission requirement will result in the rejection of the Proposal.

In the event that no Proposer meets a specified mandatory requirement, the Board reserves the right to eliminate that individual mandatory requirement and/or continue the evaluation of Proposals and select the Proposal that most closely meets the remaining requirements specified in this RFP.

3.2. Evaluation Committee

An evaluation committee for this RFP shall consist of individuals who, in the Board's judgment, possess specific knowledge and skills essential to the RFP evaluation. The evaluation committee participates fully in the evaluation process, including reviewing and scoring all Proposals.

3.3. Proposal Scoring

An evaluation committee will evaluate and score all Proposals meeting mandatory Proposal submission requirements using both objective analysis and subjective judgment. A uniform selection process, as outlined in this section, will be used to evaluate all Proposals using a point system. All other scoring shall be performed by Board staff/agents based on the objective criteria in the RFP.

Proposers are advised that responses to requirements should clearly and completely describe how its services and products will meet those requirements. Failure to demonstrate in the Proposal response that the Proposer can meet the requirements stated may cause the rejection of the Proposal.

The committee may review references, request presentations and demonstrations, and use those results to clarify and substantiate information in written Proposals and will be considered when scoring the responses to the general and technical requirements in the RFP.

The Board reserves the right to obtain additional information concerning any Proposer or Subcontractor associated with or named in the response to this RFP and to consider this information in evaluating the Proposal.

3.4. Evaluation Criteria

Proposals meeting mandatory Proposal submission requirements shall be evaluated and scored against the criteria found in Attachment 2, which is part of the RFP, based on responses to Sections 5, 6 and 8 of the RFP. Proposers shall not contact any member of an evaluation committee. Proposals will be scored and graded in the following areas:

Evaluation Criteria	Source	Points	Weight (%)
1. General Requirements	5	400	40%

2. Technical Requirements	6	500	50%
3. Cost	Total Proposal Cost	100	10%
Total Available Points*		1,000*	100%*

*The points stated above are the maximum amount awarded for each category. Evaluation guidelines have been established for each of these sections. Additional points will be awarded to vendors whose proposals qualify for preference points.

Cost evaluation points shall be determined from the result of the calculation stated below using the following formula:

Lowest Responsive Vendor's Price	×	100 maximum cost points	=	Cost evaluation points
Compared Vendor's Price				

3.5. Evaluation of Vendor's MBE/WBE Participation:

In order for the Board to meet the provisions of Executive Order 05-30, the vendor should secure participation of certified MBEs and WBEs in providing the products/services required in this RFP. The targets of participation recommended by the State of Missouri are 10% MBE and 5% WBE of the total dollar value of the contract.

These targets can be met by a qualified MBE/WBE vendor themselves and/or through the use of qualified subcontractors, suppliers, joint ventures, or other arrangements that afford meaningful opportunities for MBE/WBE participation.

The services performed or the products provided by MBE/WBEs must provide a commercially useful function related to the delivery of the contractually-required service/product in a manner that will constitute an added value to the contract and shall be performed/provided exclusive to the performance of the contract. Therefore, if the services performed or the products provided by MBE/WBEs is utilized, to any extent, in the vendor's obligations outside of the contract, it shall not be considered a valid added value to the contract and shall not qualify as participation in accordance with this clause.

In order to be considered as meeting these targets, the MBE/WBEs must be "qualified" by the proposal opening date (date the proposal is due). (See below for a definition of a qualified MBE/WBE.)

3.5.1. The vendor's proposed participation of MBE/WBE firms in meeting the targets of the RFP will be considered in the evaluation process as specified below:

If Participation Meets Target - Vendors proposing MBE and WBE participation percentages that meet the State of Missouri's target participation percentage of 10% for MBE and 5% for WBE shall be assigned the maximum stated MBE/WBE participation evaluation points.

If Participation Exceeds Target - Vendors proposing MBE and WBE participation percentages that exceed the State of Missouri's target participation shall be assigned the same MBE/WBE participation evaluation points as those meeting the State of Missouri's target participation percentages stated above.

If Participation Below Target - Vendors proposing MBE and WBE participation percentages that are lower than the State of Missouri's target participation percentages of 10% for MBE and 5% for WBE shall be assigned a proportionately lower number of the MBE/WBE participation evaluation points than the maximum MBE/WBE participation evaluation points.

If No Participation - Vendors failing to propose any commercially useful MBE/WBE participation shall be assigned a score of zero (0) in this evaluation category.

3.5.2. MBE/WBE participation evaluation points shall be assigned using the following formula:

Vendor's Proposed MBE % \leq 10% + WBE % \leq 5%	X	Maximum MBE/WBE Participation Evaluation points (10)	=	Assigned MBE/WBE Participation points
State's Target MBE % (10) + WBE % (5)				

3.5.3. If the vendor is proposing MBE/WBE participation, in order to receive evaluation consideration for MBE/WBE participation, the vendor must provide the following information with the proposal.

- Participation Commitment - If the vendor is proposing MBE/WBE participation, the vendor must complete Exhibit A, Participation Commitment, by listing each proposed MBE and WBE, the committed percentage of participation for each MBE and WBE, and the commercially useful products/services to be provided by the listed MBE and WBE. If the vendor submitting the proposal is a qualified MBE and/or WBE, the vendor must include the vendor in the appropriate table on the Participation Commitment form.
- Documentation of Intent to Participate – The vendor must either provide a properly completed Exhibit B, Documentation of Intent to Participate form, signed and dated by each MBE and WBE proposed or must provide a letter of intent signed and dated by each MBE and WBE proposed which: (1) must describe the products/services the MBE/WBE will provide and (2) should include evidence that the MBE/WBE is qualified, as defined herein (i.e., the MBE/WBE Certification Number or a copy of MBE/WBE certificate issued by the Missouri Office of Equal Opportunity (OEO)). If the vendor submitting the proposal is a qualified MBE and/or WBE, the vendor is not required to complete Exhibit B, Documentation of Intent to Participate form, or provide a recently dated letter of intent.
- Commitment – If the vendor's proposal is awarded, the percentage level of MBE/WBE participation committed to by the vendor on Exhibit A, Participation Commitment, shall be interpreted as a contractual requirement.

3.5.4. Definition -- Qualified MBE/WBE:

In order to be considered a qualified MBE or WBE for purposes of this RFP, the MBE/WBE must be certified by the State of Missouri, OA, OEO by the proposal opening date.

- MBE or WBE means a business that is a sole proprietorship, partnership, joint venture, or corporation in which at least fifty-one percent (51%) of the ownership interest is held by minorities or women and the management and daily business operations of which are controlled by one (1) or more minorities or women who own it.
- Minority is defined as belonging to one (1) of the following racial minority groups: African Americans, Native Americans, Hispanic Americans, Asian Americans, American Indians, Eskimos, Aleuts, and other groups that may be recognized by the Office of Advocacy, United States Small Business Administration, Washington, D.C.
- Resources - A listing of several resources that are available to assist vendors in their efforts to identify and secure the participation of qualified MBEs and WBEs is available at the website shown below or by contacting the OEO at:

3.6. Evaluation of Organizations for the Blind and Sheltered Workshops/Service-Disabled Veteran Business Enterprises (SDVEs) Participation:

A five to fifteen (5-15) bonus point preference shall be granted to vendors including products and/or services manufactured, produced or assembled by a qualified nonprofit organization for the blind established pursuant to 41 U.S.C. sections 46 to 48c or a sheltered workshop holding a certificate of approval from the Department of Elementary and Secondary Education pursuant to section 178.920, RSMo.

3.6.1. In order to qualify for the five to fifteen (5-15) bonus points, the following conditions must be met and the following evidence must be provided:

The vendor must either be an organization for the blind or sheltered workshop or must be proposing to utilize an organization for the blind/sheltered workshop as a subcontractor and/or supplier in an amount that must equal, at a minimum, the greater of \$5,000 or 2% of the total dollar value of the contract for purchases not exceeding \$10 million.

The services performed or the products provided by the organization for the blind or sheltered workshop must provide a commercially useful function related to the delivery of the contractually required service/product in a manner that will constitute an added value to the contract and shall be performed/provided exclusive to the performance of the contract. Therefore, if the services performed or the products provided by the organization for the blind or sheltered workshop are utilized, to any extent, in the vendor's obligations outside of the contract, it shall not be considered a valid added value to the contract and shall not qualify as participation in accordance with this clause.

If the vendor is proposing participation by an organization for the blind or sheltered workshop, in order to receive evaluation consideration for participation by the organization for the blind or sheltered workshop, the vendor must provide the requested information with the proposal.

A sliding scale for the award of points shall range from a minimum of five (5) points to a maximum of fifteen (15) points. The award of the minimum five (5) points shall be based on the proposal containing a commitment that the participating nonprofit organization or workshop is providing the greater of two percent (2%) or five thousand dollars (\$5,000) of the total contract value of proposals for purchases not exceeding ten (10) million dollars.

3.6.1.1. Where the commitment in the proposal exceeds the minimum level set forth in section 34.165, RSMo to obtain five (5) points, the awarded points shall exceed the minimum five (5) points, up to a maximum of fifteen (15) points. As the statute sets out a minimum of five (5) points for a minimum two percent (2%) commitment, each percent of commitment is worth two and one-half (2.5) points. The formula to determine the awarded points for commitments above the two percent (2%) minimum shall be calculated based on the commitment in the proposal (which in the formula will be expressed as a number [Vendor's Commitment Number below], not as a percentage) times two and one-half (2.5) points:

$$\text{Vendor's Commitment Number} \times 2.5 \text{ points} = \text{Awarded Points}$$

Examples: A commitment of three percent (3%) would be calculated as: $3 \times 2.5 \text{ points} = 7.5$ awarded points. A commitment of five and one-half percent (5.5%) would be calculated as: $5.5 \times 2.5 \text{ points} = 13.75$ awarded points. If, instead of a percentage, a vendor's proposal lists a dollar figure that is over the minimum amount, the dollar figure shall be converted into the percentage of the vendor's total contract value for calculation of the awarded points. Commitments at or above six percent (6%) receive the maximum of fifteen (15) points.

- Participation Commitment - The vendor must complete Exhibit A, Participation Commitment, by identifying the organization for the blind or sheltered workshop, the amount of participation committed, and the commercially useful products/services to be provided by the listed organization for the blind or sheltered workshop. If the vendor submitting the proposal is an organization for the blind or sheltered workshop, the vendor must be listed in the appropriate table on the Participation Commitment Form.

- Documentation of Intent to Participate – The vendor must either provide a properly completed Exhibit B, Documentation of Intent to Participate Form or letter of intent recently signed by the proposed organization for the blind or sheltered workshop which: (1) must describe the products/services the organization for the blind/sheltered workshop will provide and (2) should include evidence of the organization for the blind/sheltered workshop qualifications (e.g. copy of certificate or Certificate Number for Missouri Sheltered Workshop).

NOTE: If the vendor submitting the proposal is an organization for the blind or sheltered workshop, the vendor is not required to complete Exhibit B, Documentation of Intent to Participate Form or provide a letter of intent.

3.6.2. A list of Missouri sheltered workshops can be found at the following Internet address:

<http://dese.mo.gov/special-education/sheltered-workshops/directories>

3.6.3. The websites for the Missouri Lighthouse for the Blind and the Alhaphointe Association for the Blind can be found at the following Internet addresses:

<http://www.lhbindustries.com>

<http://www.alhaphointe.org>

3.6.4. Commitment

If the vendor's proposal is awarded, the organization for the blind or sheltered workshop participation committed to by the vendor on Exhibit A, Participation Commitment, shall be interpreted as a contractual requirement.

3.7. Service-Disabled Veteran Business Enterprises (SDVEs)

3.7.1. A three (3) point bonus preference shall be granted to vendors including products and/or services manufactured, produced or assembled by a qualified SDVE.

In order to qualify for the three (3) bonus points, the following conditions must be met and the following evidence must be provided:

- The vendor must either be an SDVE or must be proposing to utilize an SDVE as a subcontractor and/or supplier that provides at least three percent (3%) of the total contract value.
- The services performed or the products provided by the SDVE must provide a commercially useful function related to the delivery of the contractually-required service/product in a manner that will constitute an added value to the contract and shall be performed/provided exclusive to the performance of the contract. Therefore, if the services performed or the products provided by the SDVE are utilized, to any extent, in the vendor's obligations outside of the contract, it shall not be considered a valid added value to the contract and shall not qualify as participation in accordance with this clause.
- In order to receive evaluation consideration for participation by an SDVE, the vendor must provide the following information with the proposal:
 - Participation Commitment - The vendor must complete Exhibit A, Participation Commitment, by identifying each proposed SDVE, the committed percentage of participation for each SDVE, and the commercially useful products/services to be provided by the listed SDVE. If the vendor submitting the proposal is a qualified SDVE, the vendor must be listed in the appropriate table on the Participation Commitment Form.
 - Documentation of Intent to Participate – The vendor must either provide a properly completed Exhibit B, Documentation of Intent to Participate Form or letter of intent recently signed by the proposed SDVE which: (1) must describe the products/services the SDVE will provide and (2) must include the SDV Documents described below as evidence that the SDVE is qualified, as defined herein.
 - Service-Disabled Veteran (SDV) Documents - If a participating organization is an SDVE, unless previously submitted within the past five (5) years to the Division of Purchasing, the vendor must provide the following Service-Disabled Veteran (SDV) documents:
 - a copy of the SDV's Certificate of Release or Discharge from Active Duty (DD Form 214), and a copy of the SDV's disability rating letter issued by the Department of

Veterans Affairs establishing a service-connected disability rating, or a Department of Defense determination of service-connected disability.

NOTE: If the vendor submitting the proposal is a qualified SDVE, the vendor must include the SDV Documents as evidence that the vendor qualifies as an SDVE. However, the vendor is not required to complete Exhibit B, Documentation of Intent to Participate Form or provide a letter of intent.

If the SDVE and SDV are listed on the following Internet address, the vendor is not required to provide the SDV Documents listed above.

<http://oa.mo.gov/sites/default/files/sdvelisting.pdf>

3.7.2. Commitment

If awarded a contract, the SDVE participation committed to by the vendor on Exhibit A, Participation Commitment, shall be interpreted as a contractual requirement.

3.7.3. Definition - Qualified SDVE:

SDVE is doing business as a Missouri firm, corporation, or individual or maintaining a Missouri office or place of business, not including an office of a registered agent;

SDVE has not less than fifty-one percent (51%) of the business owned by one (1) or more service-disabled veterans (SDVs) or, in the case of any publicly-owned business, not less than fifty-one percent (51%) of the stock of which is owned by one (1) or more SDVs;

SDVE has the management and daily business operations controlled by one (1) or more SDVs;

SDVE has a copy of the SDV's Certificate of Release or Discharge from Active Duty (DD Form 214), and a copy of the SDV's disability rating letter issued by the Department of Veterans Affairs establishing a service-connected disability rating, or a Department of Defense determination of service-connected disability; and

SDVE possesses the power to make day-to-day as well as major decisions on matters of management, policy, and operation.

3.8. Missouri Preference.

A preference will be given to materials, products, supplies, provisions and all other articles produced, manufactured, mined, processed or grown within the State of Missouri and to all firms, corporations or individuals doing business as Missouri firms, corporations or individuals. Such preference shall be given when quality is equal or better and delivered price is the same or less.

The Board will award qualifying proposers preference points as noted in the RFP.

3.9. Proposer Presentations

Top scoring Proposer(s) based on an evaluation of the written proposal may be required to participate in presentation/interviews and/or site visits to support and clarify their proposals if requested by the Board. Proposer representative(s) attending the oral presentation shall be technically qualified to respond to questions related to the Proposal and its components. The Board will furnish specific details concerning the presentations and any required materials at the time it notifies Proposers of the presentation schedule. The Board will make every reasonable attempt to schedule each presentation at a time agreeable to the Proposer. The location of presentations shall be in Jefferson City, Missouri or online depending on national events. Failure of a Proposer to interview or permit a site visit on the date scheduled may result in rejection of the Proposal.

3.10. Contract Award

By submitting a proposal, the vendor agrees to furnish any and all equipment, supplies and/or services specified in the RFP, at the prices quoted, pursuant to all requirements and specifications contained therein.

A binding contract shall consist of: (1) the RFP, addendums thereto, and any Best and Final Offer (BAFO) request(s) with RFP changes/additions, (2) the contractor's proposal including any contractor BAFO response(s), (3) clarification of the proposal, if any, and (4) The Board's acceptance of the proposal by

"notice of award" or by "purchase order." All Exhibits and Attachments included in the RFP shall be incorporated into the contract by reference.

A notice of award issued by the Board does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services for the Board, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the Board.

The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein. Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and the Board or by a modified purchase order prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

3.11. Award and Final Offers

The Board shall compile the final scores for each Proposal. The contract will be awarded to the lowest and best Proposer as required by Chapter 34, RSMo. The Board will determine the lowest and best Proposer in one of two ways. One, it may select the Proposer with the highest scoring Proposal. Alternatively, the Board may request two or more of the highest scoring Proposers to submit a Best and Final Offer (BAFO). If BAFOs are requested by the Board and submitted by the requested Proposers, the BAFOs shall be evaluated against the stated criteria, scored and ranked by the evaluation committee. After this is completed, the Board shall select the highest scoring Proposer.

3.12. Offer in Effect for 90 Days

A Proposal may not be modified, withdrawn or canceled by the Proposer for a 90-day period following the latter of either the deadline for Proposal submission as defined in the Calendar of Events, or receipt by the Board of best and final Proposals, if required, and a Proposer so agrees in submitting a Proposal.

3.13. Contract Negotiations

The Board may negotiate the terms of the Contract, including the price, with the highest scoring Proposer prior to entering into a Contract. If substantial progress is not made in contract negotiations with the highest scoring Proposer, the Board may negotiate a Contract with the next highest scoring Proposer and so on, or elect not to proceed with any award.

3.14. Contract Negotiations Impasse

If a Contract between the Board and the successful Proposer cannot be executed by both parties within sixty (60) Days after the Notice of Intent to Award the Contract, the Board reserves the right to unilaterally reject the Proposer's Proposal and proceed to award the Contract to the next highest scoring Proposer.

3.15. Notification of Intent to Award

Any Proposer who responds with a Proposal shall be notified in writing via email of the Board's intent to award the contract resulting from this RFP.

3.16. Proposal Protest Remedy.

Any unsuccessful Proposer may submit a bid or proposal award protest in writing to the Board or designee. All such protests must be received within ten (10) business days after the date of award. If the tenth day falls on a Saturday, Sunday, or state holiday, the period will extend to the next state business day. A protest submitted after the ten (10) business-day period shall not be considered. The written protest should include the following information:

- (A) Name, address, and phone number of the protester;
- (B) Signature of the protester or the protester's representative;
- (C) RFP title and date;
- (D) Detailed statement describing the grounds for the protest; and

(E) Supporting exhibits, evidence, or documents to substantiate claim.

A protest which fails to contain the information listed above may be denied solely on that basis. All protests filed in a timely manner will be reviewed by the Board or designee. The Board or designee will only issue a determination on the issues asserted in the protest. A protest, which is untimely or fails to establish standing to protest, will be summarily denied. In other cases, the determination will contain findings of fact, an analysis of the protest, and a conclusion that the protest will either be sustained or denied. If the protest is sustained, remedies include canceling the award. If the protest is denied, no further action will be taken by the Board.

The Board prefers to receive protests via e-mail. Any protests shall be sent to admin@missouri911.org.

By virtue of submitting a proposal in response to this RFP, a Proposer agrees and acknowledges that if Proposer becomes an unsuccessful Proposer, Proposer's failure to timely pursue a bid protest operates as a waiver of any right Proposer might otherwise have to assert any challenge relating to the RFP or bid or proposal award in a court of equity or law.

4. MANDATORY REQUIREMENTS AND DOCUMENTATION

The requirements in this section are **mandatory**. Using Attachment 1- Mandatory Requirements Response Matrix, Proposers shall indicate that "YES" we can certify we can meet the mandatory requirements or "NO" we cannot certify we can meet the mandatory requirements. No explanation is required, as non-compliance with those requirements will result in proposal disqualification, rejection and removal of that Proposal from further consideration.

In the event there is an individual mandatory requirement that no Proposer can meet, the Board reserves the right to eliminate that individual mandatory requirement; in such case, the Board shall continue the evaluation of Proposals and select the Proposal that most closely meets the remaining requirements specified in the RFP. All mandatory requirements are minimums unless otherwise stated.

Proposed Subcontractors may be required to participate in any oral presentations and/or demonstrations.

- Assumptions and constraints

Submission of this information does not obligate the Board to purchase the service, although the Board may seek to include additional service types under the Contract where it makes both technological and financial sense.

Failure to provide a specific service listed below will not disqualify a Proposal. However, the Contractor will not be allowed to sell those services under the terms of the resulting Contract if they do not respond to that service in its Proposal.

Financial details of each service shall be submitted as part of Proposer's Cost Proposal.

8. COST PROPOSAL

All pricing must remain firm for the term of the contract, including any extensions.

For Cost Proposal purposes, Proposers shall use the estimated timelines in the Section 1.4 (Project Plan and Deliverables) to determine a time and materials hourly rate for the engagement. Because not all factors related to pricing are known at this time, pricing submitted in Cost Proposals shall be considered not-to-exceed pricing.

8.1. Price Clarifications

10.1. Applicable Laws and Regulations

The contract shall be construed according to the laws of the State of Missouri. The contractor shall comply with all local, state, and federal laws and regulations related to the performance of the contract to the extent that the same may be applicable.

To the extent that a provision of the contract is contrary to the Constitution or laws of the State of Missouri or of the United States, the provisions shall be void and unenforceable. However, the balance of the contract shall remain in force between the parties unless terminated by consent of both the contractor and the Board.

The contractor must be registered and maintain good standing with the Secretary of State of the State of Missouri and other regulatory agencies, as may be required by law or regulations.

The contractor must timely file and pay all Missouri sales, withholding, corporate and any other required Missouri tax returns and taxes, including interest and additions to tax.

The exclusive venue for any legal proceeding relating to or arising out of the RFP or resulting contract shall be in the Circuit Court of Cole County, Missouri.

The contractor shall only employ personnel authorized to work in the United States in accordance with applicable federal and state laws and Executive Order 07-13 for work performed in the United States.

10.2. Open Competition/Request for Proposal Document

It shall be the vendor's responsibility to ask questions, request changes or clarification, or otherwise advise the Board if any language, specifications or requirements of an RFP appear to be ambiguous, contradictory, and/or arbitrary, or appear to inadvertently restrict or limit the requirements stated in the RFP to a single source. Any and all communication from vendors regarding specifications, requirements, competitive proposal process, etc., must be directed to the Board contact, unless the RFP specifically refers the vendor to another contact. Such e-mail, fax, or phone communication should be received at least ten calendar days prior to the official proposal end date.

Every attempt shall be made to ensure that the vendor receives an adequate and prompt response. However, in order to maintain a fair and equitable procurement process, all vendors will be advised, via the issuance of an addendum to the RFP, of any relevant or pertinent information related to the procurement. Therefore, vendors are advised that unless specified elsewhere in the RFP, any questions received less than 5 calendar days prior to the RFP end date may not be answered.

Vendors are cautioned that the only official position of the Board is that which is issued by the Board in the RFP or an addendum thereto. No other means of communication, whether oral or written, shall be construed as a formal or official response or statement.

The Board monitors all procurement activities to detect any possibility of deliberate restraint of competition, collusion among vendors, price-fixing by vendors, or any other anticompetitive conduct by vendors which appears to violate state and federal antitrust laws. Any suspected violation shall be referred to the Missouri Attorney General's Office for appropriate action.

The RFP is available for viewing and downloading on the Board's website at <https://missouri911.org/>

The Board reserves the right to officially amend or cancel an RFP after issuance. It shall be the sole responsibility of the vendor to monitor the Board website to obtain a copy of the addendum(s). The Board will use e-mail notification of any addendum(s). Vendors will receive e-mail notification of a cancellation issued prior to the exact end date and time specified in the RFP.

10.3. Proposal Opening

Only the names of the respondents shall be available at the proposal opening. All vendors may view the same proposal response information on the Board's website. The contents of the responses shall not be disclosed at this time.

Proposals which are not received in the Board/agent's office prior to the official end date and time shall be considered late, regardless of the degree of lateness, and normally will not be opened. Late

proposals may only be opened under extraordinary circumstances. In such cases, the proposal must have been turned over to the physical control of an independent postal or courier service with promised delivery time prior to the time set for the opening of proposal. All such decisions are at the sole discretion of the Board or Board's designee. The following guidelines may be utilized to determine the criteria for an extraordinary circumstance:

1. State offices were closed due to inclement weather conditions;
2. Postal or courier services were delayed due to labor strikes or unforeseen "Acts of God"; or
3. Postal or courier service did not meet delivery time promised to the bidder/offeror. In such a case, the bidder/offeror must provide written proof from the delivery service that promised delivery time was prior to the time set for the opening of bids/proposals.
4. Evidence that the bid/proposal was in the division's post office box or physical possession before the time of bid opening; or
5. Any other evidence relevant to the specific situation.

10.4. Invoicing and Payment

The Board does not pay state or federal taxes unless otherwise required under law or regulation.

For each purchase order received, an invoice must be submitted that references the purchase order number and must be itemized in accordance with items listed on the purchase order. Failure to comply with this requirement may delay processing of invoices for payment.

The contractor shall not transfer any interest in the contract, whether by assignment or otherwise, without the prior written consent of the Board.

Payment for all equipment, supplies, and/or services required herein shall be made in arrears unless otherwise indicated in the RFP.

The Board assumes no obligation for equipment, supplies, and/or services shipped or provided in excess of the quantity ordered. Any unauthorized quantity is subject to the Board's rejection and shall be returned at the contractor's expense.

All invoices for equipment, supplies, and/or services purchased by the Board shall be subject to late payment charges as provided in section 34.055, RSMo.

The Board reserves the right to purchase goods and services using a Board purchasing card.

10.5. Delivery

Time is of the essence. Deliveries of equipment, supplies, and/or services must be made no later than the time stated in the contract or within a reasonable period of time, if a specific time is not stated.

10.6. Inspection and Acceptance

No equipment, supplies, and/or services received by the Board pursuant to a contract shall be deemed accepted until the Board has had reasonable opportunity to inspect said equipment, supplies, and/or services.

All equipment, supplies, and/or services which do not comply with the specifications and/or requirements or which are otherwise unacceptable or defective may be rejected. In addition, all equipment, supplies, and/or services which are discovered to be defective or which do not conform to any warranty of the contractor upon inspection (or at any later time if the defects contained were not reasonably ascertainable upon the initial inspection) may be rejected.

The Board reserves the right to return any such rejected shipment at the contractor's expense for full credit or replacement and to specify a reasonable date by which replacements must be received.

The Board's right to reject any unacceptable equipment, supplies, and/or services shall not exclude any other legal, equitable or contractual remedies the Board may have.

10.7. Warranty

The contractor expressly warrants that all equipment, supplies, and/or services provided shall: (1) conform to each and every specification, drawing, sample or other description which was furnished to or adopted by the Board, (2) be fit and sufficient for the purpose expressed in the RFP, (3) be merchantable, (4) be of good materials and workmanship, and (5) be free from defect.

Such warranty shall survive delivery and shall not be deemed waived either by reason of the Board's acceptance of or payment for said equipment, supplies, and/or services.

10.8. Conflict of Interest

Elected or appointed officials or employees of the Board or any subdivision thereof, serving in an executive or administrative capacity, must comply with sections 105.452 and 105.454, RSMo, regarding conflict of interest.

The contractor hereby covenants that at the time of the submission of the proposal the contractor has no other contractual relationships which would create any actual or perceived conflict of interest. The contractor further agrees that during the term of the contract neither the contractor nor any of its employees shall acquire any other contractual relationships which create such a conflict.

10.9. Remedies and Rights

No provision in the contract shall be construed, expressly or implied, as a waiver by the Board of any existing or future right and/or remedy available by law in the event of any claim by the Board of the contractor's default or breach of contract.

The contractor agrees and understands that the contract shall constitute an assignment by the contractor to the Board of all rights, title and interest in and to all causes of action that the contractor may have under the antitrust laws of the United States or the State of Missouri for which causes of action have accrued or will accrue as the result of or in relation to the particular equipment, supplies, and/or services purchased or procured by the contractor in the fulfillment of the contract with the Board.

10.10. Cancellation of Contract

In the event of material breach of the contractual obligations by the contractor, the Board may cancel the contract. At its sole discretion, the Board may give the contractor an opportunity to cure the breach or to explain how the breach will be cured. The actual cure must be completed within no more than 10 working days from notification, or at a minimum the contractor must provide the Board within 10 working days from notification a written plan detailing how the contractor intends to cure the breach.

If the contractor fails to cure the breach or if circumstances demand immediate action, the Board will issue a notice of cancellation terminating the contract immediately. If it is determined the Board improperly cancelled the contract, such cancellation shall be deemed a termination for convenience in accordance with the contract.

If the Board cancels the contract for breach, the Board reserves the right to obtain the equipment, supplies, and/or services to be provided pursuant to the contract from other sources and upon such terms and in such manner as the Board deems appropriate and charge the contractor for any additional costs incurred thereby.

The contract shall not be binding upon the Board for any period in which funds have not been appropriated, and the Board shall not be liable for any costs associated with termination caused by lack of appropriations.

10.11. Communications and Notices

Any notice to the vendor/contractor shall be deemed sufficient when deposited in the United States mail postage prepaid, transmitted by facsimile, transmitted by e-mail or hand-carried and presented to an authorized employee of the vendor/contractor.

10.12. Bankruptcy or Insolvency

Upon filing for any bankruptcy or insolvency proceeding by or against the contractor, whether voluntary or involuntary, or upon the appointment of a receiver, trustee, or assignee for the benefit of creditors, the contractor must notify the Board immediately.

Upon learning of any such actions, the Board reserves the right, at its sole discretion, to either cancel the contract or affirm the contract and hold the contractor responsible for damages.

10.13. Inventions, Patents and Copyrights

The contractor shall defend, protect, and hold harmless the Board, its officers, agents, and employees against all suits of law or in equity resulting from patent and copyright infringement concerning the contractor's performance or products produced under the terms of the contract.

10.14. Non-Discrimination and Affirmative Action

In connection with the furnishing of equipment, supplies, and/or services under the contract, the contractor and all subcontractors shall agree not to discriminate against recipients of services or employees or applicants for employment on the basis of race, color, religion, national origin, sex, age, disability, or veteran status unless otherwise provided by law. If the contractor or subcontractor employs at least 50 persons, they shall have and maintain an affirmative action program which shall include:

- A written policy statement committing the organization to affirmative action and assigning management responsibilities and procedures for evaluation and dissemination;

- The exclusion of discrimination from all collective bargaining agreements; and
- Performance of an internal audit of the reporting system to monitor execution and to provide for future planning.

If discrimination by a contractor is found to exist, the Board shall take appropriate enforcement action which may include, but not necessarily be limited to, cancellation of the contract, suspension, or debarment by Board until corrective action by the contractor is made and ensured, and referral to the Attorney General's Office, whichever enforcement action may be deemed most appropriate.

10.15. Americans with Disabilities Act

In connection with the furnishing of equipment, supplies, and/or services under the contract, the contractor and all subcontractors shall comply with all applicable requirements and provisions of the Americans with Disabilities Act (ADA).

10.16. Filing and Payment of Taxes

The Board shall not contract for goods or services with a vendor if the vendor or an affiliate of the vendor makes sales at retail of tangible personal property or for the purpose of storage, use, or consumption in this state but fails to collect and properly pay the tax as provided in chapter 144, RSMo. For the purposes of this section, "affiliate of the vendor" shall mean any person or entity that is controlled by or is under common control with the vendor, whether through stock ownership or otherwise. Therefore, the vendor's failure to maintain compliance with chapter 144, RSMo, may eliminate their proposal from consideration for award.

- The contractor shall permit the Board, governmental auditors, and authorized representatives of the State of Missouri to audit or examine, copy, or investigate any of the contractor’s records, procedures, books, documents, papers, and records recording receipts and disbursements of any of the funds paid to the contractor. Failure to retain adequate documentation for any service billed may result in recovery of payments for services not adequately documented. Any audit exception noted by governmental

auditors shall not be paid by the Board and shall be the sole responsibility of the contractor. However, the contractor may contest any such exception by any legal procedure the contractor deems appropriate. The Board will pay the contractor all amounts which the contractor may ultimately be held entitled to receive as a result of any such legal action.

12.1. Other Contractual Requirements:

12.1.1. Notice of Award

A notice of award issued by the Board does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies, and/or services for the Board, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the Board.

12.1.2. Agreement

The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein.

12.1.5. Contractor Liability

The contractor shall be responsible for any and all personal injury (including death) or property damage as a result of the contractor's negligence involving any equipment or service provided under the terms and conditions, requirements and specifications of the contract. In addition, the contractor assumes the obligation to save the Board, including its agencies, employees, and assignees, from every expense, liability, or payment arising out of such negligent act.

The contractor shall understand and agree that the Board cannot save and hold harmless and/or indemnify the contractor or employees against any liability incurred or arising as a result of any activity of the contractor or any activity of the contractor's employees related to the contractor's performance under the contract. Therefore, the contractor must acquire and maintain adequate liability insurance in the form(s) and amount(s) sufficient to protect the Board, its agencies, its employees, its clients, and the general public against any such loss, damage and/or expense related to his/her performance under the contract. General and other non-professional liability insurance shall include an endorsement that adds

the Board as an additional insured. Self-insurance coverage or another alternative risk financing mechanism may be utilized provided that such coverage is verifiable and irrevocably reliable and the Board is protected as an additional insured.

The contractor shall expressly understand and agree that he/she shall assume and be solely responsible for all legal and financial responsibilities related to the execution of a subcontract.

The contractor shall agree and understand that utilization of a subcontractor to provide any of the products/services in the contract shall in no way relieve the contractor of the responsibility for providing the products/services as described and set forth herein.

The contractor must obtain the approval of the Board prior to establishing any new subcontracting arrangements and before changing any subcontractors. The approval shall not be arbitrarily withheld.

Pursuant to subsection 1 of section 285.530, RSMo, no contractor or subcontractor shall knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the State of Missouri. In accordance with sections 285.525 to 285.550, RSMo, a general contractor or subcontractor of any tier shall not be liable when such contractor or subcontractor contracts with its direct subcontractor who violates subsection 1 of section 285.530, RSMo, if the contract binding the contractor and subcontractor affirmatively states that:

- The direct subcontractor is not knowingly in violation of subsection 1 of section 285.530, RSMo, and shall not henceforth be in such violation.
- The contractor or subcontractor receives a sworn affidavit under the penalty of perjury attesting to the fact that the direct subcontractor's employees are lawfully present in the United States. Any subcontracts for the products/services described herein must include appropriate provisions and contractual obligations to ensure the successful fulfillment of all contractual obligations agreed to by the contractor and the Board and to ensure that the Board is indemnified, saved, and held harmless from and against any and all claims of damage, loss, and cost (including attorney fees) of any kind related to a subcontract in those matters described in the contract between the Board and the contractor.

The contractor shall expressly understand and agree that the contractor shall assume and be solely responsible for all legal and financial responsibilities related to the execution of a subcontract.

The contractor shall agree and understand that utilization of a subcontractor to provide any of the products/services in the contract shall in no way relieve the contractor of the responsibility for providing the products/services as described and set forth herein.

12.1.8. Unauthorized Alien workers

Pursuant to subsection 1 of section 285.530, RSMo, no contractor or subcontractor shall knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. In accordance with sections 285.525 to 285.550, RSMo, a general contractor or subcontractor of any tier shall not be liable when such contractor or subcontractor contracts with its direct subcontractor who violates subsection 1 of section 285.530, RSMo, if the contract binding the contractor and subcontractor affirmatively states that:

The contractor must submit the report on a monthly basis, unless otherwise determined by the Board.

The Board will monitor the contractor's compliance in meeting the Organizations for the Blind/Sheltered Workshop and SDVE participation levels committed to in the contractor's awarded proposal. The Board will monitor the contractor's compliance in meeting the MBE/WBE participation levels committed to in the contractor's awarded proposal. If the contractor's payments to the participating entities are less than the amount committed, the state may cancel the contract and/or suspend or debar the contractor from participating in future Board procurements, or retain payments to the contractor in an amount equal to the value of the participation commitment less actual payments made by the contractor to the participating entity. If the Board determines that the contractor becomes compliant with the commitment, any funds retained as stated above, will be released.

If a participating entity fails to retain the required certification or is unable to satisfactorily perform, the contractor must obtain other certified MBE/WBEs or other organizations for the blind/sheltered workshops or other SDVEs to fulfill the participation requirements committed to in the contractor's awarded proposal.

The contractor must obtain the written approval of the Board buyer for any new entities. This approval shall not be arbitrarily withheld.

If the contractor cannot obtain a replacement entity, the contractor must submit documentation to the Division of Purchasing detailing all efforts made to secure a replacement. The Division of Purchasing shall have sole discretion in determining if the actions taken by the contractor constitute a good faith effort to secure the required participation and whether the contract will be amended to change the contractor's participation commitment.

By no later than thirty (30) calendar days after the effective date of the first renewal period, the contractor must submit an affidavit to the Board. The affidavit must be signed by the director or manager of the participating Organizations for the Blind/Sheltered Workshop verifying provision of products and/or services and compliance of all contractor payments made to the Organizations for the Blind/Sheltered Workshops. The contractor may use the affidavit available on the Board's website or another affidavit providing the same information.

- If the contractor is found to be in violation of this requirement or the applicable state, federal, and local laws and regulations, and if the Board has reasonable cause to believe that the contractor has knowingly employed individuals who are not eligible to work in the United States, the Board shall have the right to cancel the contract immediately without penalty or recourse and suspend or debar

the contractor from doing business with the Board. The Board may also withhold up to twenty-five percent of the total amount due to the contractor.

Instructions for Certification

1. By signing and submitting this proposal, the prospective recipient of Federal assistance funds is providing the certification as set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective recipient of Federal assistance funds knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the Department of Labor (DOL) may pursue available remedies, including suspension and/or debarment.
3. The prospective recipient of Federal assistance funds shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective recipient of Federal assistance funds learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. 7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. Each participant may but is not required to check the List of Parties Excluded from Procurement or Nonprocurement Programs.
